13 human skulls found at vacant site in Vijayanagar

The skulls that were found in Vijayanagar 2nd Stage this morning.

Mysuru, Jan. 19 (RK&BCT)- Over 13 human skulls were found dumped this morning at a vacant site in Vijayanagar Second Stage here.

As soon as the news spread, hundreds of curious onlookers gathered at the area. The skulls were thrown at a vacant site behind a school near the road that leads to Hinkal.

The skulls of adult human beings and children were dumped amidst waste and there was a gunny bag nearby.

The skulls were spotted by some rag pickers and Pourakarmikas who alerted the local people. Various rumours started doing the rounds even as the residents gathered at the spot.

People told *Star of Mysore* that it is a busy area and the finding of skulls at a place that is not a grave yard led to suspicion. Pourakarmikas who spotted the human skulls said that initially they found a gunny bag dumped in the area and they were shocked to see skulls when they opened the bag.

Onlookers suspected that the skulls might have been found when workers dug up a particular place to construct a building and they would have brought them to Vijayanagar to dump at the vacant site. Others said that some medical college would have dumped old skulls at that place or people who indulged in black magic would have thrown them there.

KSOU recognition

HC orders issuance of notice to UGC Secretary

Bengaluru, Jan.19- The High Court of Karnataka has ordered issuance of notice to Prakash Kumar Thakur, Secretary, University Grants Commission (UGC), New Delhi, on a contempt of court petition, which alleged that the UGC failed to grant recognition to Karnataka State Open University (KSOU) to start non-technical in-house courses for the 2017-18 academic year. A Division Bench comprising Justice B.S. Patil and Justice Aravind Kumar passed the order yesterday on the petition filed by KSOU. The Bench posted the petition for further consideration on Feb. 8.

KSOU alleged that UGC had failed to obey the order passed by a single Judge Bench of the Court on Dec. 12, 2017. The Judge had directed UGC to grant recognition within two weeks to start non-technical in-house courses on par with 106 other Universities that have been granted recognition in 2015-16 without taking into consideration the time factor in granting recognition as no other reason was cited by the UGC to withhold recognition to KSOU.

5D image of *Life*

Technology has made it possible to create 3D image of various articles in daily use on *paper*, which is itself a two-dimensional article, also an article the presence and sway of which is all-conquering. However, the resolve of the top brass to promote digital technology in all spheres and say goodbye to use of paper (except obviously in the case of tissue paper, made indispensable in the countries of the West) is another matter. Let us revert to the topic of this column captured in its heading above. Life at large has multiple dimensions, out of which *(a)* Diseases, *(b)* Doctors, *(c)* Diagnostics, *(d)* Diagnosis and *(e)* Death, deserve to be accorded prime place, once a human being takes birth and survives into adulthood. Both numerically and economically all these ingredients of 5D image are expanding at an unprecedented pace and on a scale never witnessed anytime before now in recorded human history. If anybody needs evidence of the emerging 5D scenario, all one has to do is to visit any hospital or nursing home or consultation of any medical practitioner of the various systems of medicine.

Despite the dailies and electronic media presenting easy-to-understand info on precautions to be taken in keeping diseases away, particularly in the matter of consuming food free of disease-causing components, it is anybody's guess on the minuscule fraction of the masses that care to benefit from the guidelines.

The extent of *ignorance,* even among the literate, about the underlying causes of the plethora of diseases, particularly those that assume the form of epidemics and life-threatening, bugging the land's people in both urban spaces and villages as well as remedies and cures with appropriate medical attention needs to be dispelled by *education*. Without casting aspersions on the country's players in the education sector, one is obliged to observe that the sector's recognition of the 5D image of life, as mentioned above, is nowhere near what it ought to be. The blame-game, pointing the accusing finger at the administration on several counts including *(a)* Low budgetary provision for public health, *(b)* Poor state of infrastructure in hospital under government aegis, *(c)* Tolerating quackery in medical practice, *(d)* Not checking sale of spurious drugs and so on only makes the 5D image more glaring.

The proliferation of the multitude of players in the food world, namely hotels of all hues, eateries including mobile canteens and also homes with family members favouring the culture of *dining out,* all without a care for food safety, has reached a point of no return, sandwiched between birth and death.

OLD MONK OF GRIEF: ***#oldmonk became a top trend on Tuesday after reports of the death of Kapil Mohan, the Chairman of Mohan Meakin, which produced the famous dark rum. People from all walks of life — from soldiers, climbers to actors and journalists — poured their grief out for the creator of Old Monk. While some tried to point out how the company was originally owned by the father of General Dyer of Jallianwala Bagh fame, most connoisseurs were busy tying up with friends and acquaintances to share a bottle. In death, Mohan seems to have given one last boost to Old Monk sales.*** *— In Business Standard.*

Introducing the 'Sunion'!

Carson City: If you've ever had to chop an onion, then probably you had cried. Scientists and farmers have been working on a solution to this problem for decades, and they've apparently come up with a tearless onion.

Called the "Sunion", this new vegetable is the result of a natural cross-breeding program that's been going on farms in Nevada and Washington since the 1980s, which should put consumers worried about genetically-modified produce at ease. It's supposedly a sweet, mild-tasting onion that doesn't leave that strong, pungent aftertaste, but what really sets it apart from most other onion varieties is that it doesn't cause teary eyes when it's chopped. When you cut into a normal onion, it releases a volatile compound called lachrymatory-factor synthase. In Sunions, on the other hand, the levels of that annoying volatile compound drop the more time goes by, until it lo longer has any effect on your eyes when you cut it.

Guilty always has a punishment

Bangkok: A former Japanese yakuza boss who had been on the run for more than fourteen years was finally arrested in Thailand this month, after photos of his impressive tattoos began circulating online.

Thai Police arrested 74-year-old Shigeharu Shirai last Wednesday in a province north of Bangkok, where he had been hiding for more than ten years to escape murder charges in Japan. Shirai was apprehended while out shopping in the central market town of Lopburi. The retired mob boss' arrest came after a photo of the diminutive criminal sitting around a checkers table found its way on a popular social media website. A Thai tattoo enthusiast who was impressed by the intricate tattoos covering most of Shirai's body shared the photo on his *Facebook* page. The image, which also happened to show Shirai's missing pinky finger, quickly caught the attention of Japanese Police who then alerted Thai authorities. Shirai will face illegal entry charges in Thailand as he has never held a visa, and will later be extradited to Japan, a Thai Police statement said.

VOICE OF THE READER

Is MCC taking house owners of Vijayanagar 3rd Stage for a ride?

Sir,

I own a house in Vijayanagar 3rd Stage and have been diligently paying house tax for the past 19 years.

Last year, when I went to pay the house tax during the first week of April to avail the 5 percent discount (as it was announced by the Mysuru City Corporation (MCC) that it will provide 5 percent rebate) the staff refused to accept the money. In turn, they informed me that the Housing and Urban Development Ministry had written to the MCC that Vijayanagar 3rd Stage does not come under Corporation limits and house tax should not be accepted from residents. The same official communication was also displayed on the notice board.

Curiously enough, I have been paying the house tax for the past 19 years! I was visiting the MCC office near Akashavani Circle every alternate month to pay my house tax and was always told that they cannot accept the payment because of the communication by the Housing and Urban Development Ministry.

House tax collected with fine when there was no delay? Under what Law?

Recently, a friend of mine told me that from January 2018, the MCC has started accepting house tax from the residents of Vijayanagar 3rd Stage and I promptly sent my driver to make the payment. **The MCC staff, while accepting the payment, levied a penalty of Rs. 606 towards delay in payment!**

When questioned, the staff told my driver that they were following the instructions of the MCC Commissioner. I fail to understand the logic behind the MCC levying penalty for late payment when they themselves had displayed on their notice board that they will not be accepting the house tax from Vijayanagar 3rd Stage residents due to a Government circular.

Are the MCC authorities thinking that they can ride roughshod over the residents and levy penalty in a whimsical manner? Are there no rules and regulations in MCC?

As an honest tax-paying citizen, I expect a convincing answer from the MCC. The Deputy Commissioner must immediately intervene in this issue.

NH-209 widening works at Ch'nagar in full swing

R. Dhruvanarayan

Chamarajanagar, Jan.19 (SS&KS) - The works on widening National Highway (NH) 209 and the by-pass road is going on in full swing. The NH-209 is the last of the major roads and the last National Highway from Bengaluru which is still a single lane.

The NH-209 connects Dindigul in Tamil Nadu from Bengaluru via Kanakapura-Malavalli-Kollegal and Chamarajanagar. It is also a second route for the Bengaluru-Mysuru Highway (till Malavalli) and for those going to Kozhikode in Kerala (till Chamarajanagar).

The Union Government had sanctioned Rs. 2,400 crore for the development of NH-209 which included land acquisition costs. The widening works has been undertaken as the road from Bengaluru to Dindigul was badly damaged with the stretch passing through towns and villages being narrow, hampering the movement of vehicles.

In this project, a total of 170.92 kilometres would be developed with 67.400 kilometres stretch in Chamarajanagar district. A total of 32.06 kms would be made two-way and 7.57 kms by-pass road would be laid. Big bridges would be constructed near Sathegala, Mudigunda and Chikkahole villages and 12 small bridges would also be constructed.

The widening works of NH-209 going on in full swing at Chamarajanagar.

The project envisages widening of the existing highway from two-lane to four-lane with a median for 33 km from Bengaluru to Kanakapura after which 137 km of the road will remain two-lane till the State's border with Tamil Nadu, but will be widened by 10 mts.

The works pertaining to the Railway over-bridge has been constructed and construction of under-bridges at Uttamballi and Hampapura Road would be undertaken.

NH-209 will also connect Nanjangud Road from Somwarpet in Chamarajanagar and the works are in progress. The widening of the stretch from Doddarayapete Cross to Mallikarjuna Kalyana Mantap in Santhemarahalli is also going on in full pace.

With the bids floated earlier under Build Own Transfer (BOT) scheme failing to yield good response, the NHAI has invited bids under Hybrid Annuity Model, a variant of the Public Private Partnership (PPP) Model under which the concessionaire receives up to 40 per cent of the project cost from the authority as construction support.

Though the highway passes through Kanakapura, Malavalli, Kollegal and Chamarajanagar before entering Tamil Nadu, it is considered an alternative road between Bengaluru and Mysuru. Motorists can take a deviation at Malavalli, which is situated around 50 km from Mysuru and 108 km from Bengaluru.

Though the 108 km-long stretch of NH-209 from Malavalli to Bengaluru is bereft of much traffic, the 50-km stretch of road between Malavalli and Mysuru via Bannur is in a poor shape, discouraging motorists from considering the route as an alternative road to Bengaluru.

Meanwhile, Chamarajanagar MP R. Dhruvanarayan along with other senior officials who inspected the ongoing works, said that about 170 kms of NH-209 is being developed for which the Union Government had sanctioned Rs. 2,400 crore.

In this project, 67 kms stretch in the district is being developed which would also help in the development of the district. He further said that about 90% of land acquiring process has been completed and added that the works would be completed in two years.

Dalit cook row at Periyapatna Govt. Primary School resolved

Periyapatna, Jan.19 (HDR &DM) - Parents of school children at a Periyapatna school have been accused of practicing untouchability as they have reportedly asked their children to stay away from mid-day meals as the food is prepared by a Dalit woman. The issue has now been resolved with the intervention of Education Department officials.

The incident came to light recently at the Government Lower Primary School, Chikkabelalu in the taluk, when the matter was brought to the notice of the authorities. Villagers said that a section of children have been boycotting the meal since over two years.

As the food for the mid-day meal scheme was prepared by Chaya Mahadev, a Dalit woman, the parents of upper caste children are said to have asked their wards not to have food and accordingly the children refused to have food.

Some parents have demanded the immediate transfer of Chaya Mahadev and according to villagers, a section of parents have been harassing Chaya and her husband has brought this to the notice of Education Department officials.

Soon, the matter was brought to the notice of Block Education Officer R. Karigowda, Taluk Akshara Dasoha Assistant Director Shivaraju, CRP Vasanth Kumar and the school headmaster Girish, following which the officials summoned the parents of upper caste children and counselled them.

The parents are said to have given an undertaking that they have no objection to their wards having mid-day meals at the school, it is learnt.

Following reports of untouchability practice, Education Department authorities have spoken to the parents of nine children. Speaking to *Star of Mysore,* the Department officials said that the issue has been resolved now and the children are having the mid-day meal along with other children.

Meanwhile, members of Dalit Sanghatanegala Okkoota staged a protest yesterday demanding action against Education Department officers, especially BEO R. Karigowda, Taluk Akshara Dasoha Assistant Director Shivaraju, CRP Vasanth Kumar and the school headmaster Girish for allegedly ignoring the social evil of untouchability.

The protesters demanded disciplinary action against the officials under the The Scheduled Castes and Tribes (Prevention of Atrocities) Act, 1989.

Members of Dalit Sanghatanegala Okkoota submitting a memorandum to Shirastedar Prakash to be forwarded to the Governor demanding action against the Education Department officials.

Appointment of guest faculty at UoM: Teachers' Forum alleges lapses

Karnataka Teachers' Forum to move HC, file complaint with Anti-Corruption Bureau

Mysuru, Jan.19 (US&PM)- Karnataka Teachers' Forum has alleged that University of Mysore (UoM) had illegally appointed about 40 guest lecturers who had not even applied for the post or attended the interview which was a gross irregularity.

This was disclosed by Forum President Sharath Raj in a press meet at a private hotel recently. Incidentally, Sharath Raj is a Guest Faculty in the Department of Studies in Law at Mysore University.

Applications were invited from qualified candidates to work at the University constituent colleges, Post-Graduate Departments at Manasagangothri and at Post-Graduate Centres in Mandya, Hassan and Chamarajanagar, to cope up with the additional work-load for the academic year 2017-18. As per the notification, the last date to submit the application to the Registrar was July 6, 2017, but, a few people, who did not apply, are now appointed, he alleged.

Raj alleged that the guest teachers managed to get the jobs without applying for the posts and attending the interview. Suspecting the role of UoM authorities in the irregularities, he said that the forum would approach the High Court and also lodge a complaint with Anti-Corruption Bureau (ACB).

Raj said that while University Grants Commission (UGC) de-recognised the courses of Karnataka State Open University (KSOU), UoM appointed a person, who obtained a degree from KSOU. "Is the certificates of KSOU valid to get an appointment in the varsity?" he questioned.

Continuing, Sharath Raj said that the Forum would move the High Court regarding illegal appointment of guest faculty. He pointed out that the University was without a regular Vice-Chancellor for over a year, hampering educational activities. Hence he said that the Forum would file a Public Interest Litigation (PIL) at the High Court demanding appointment of a permanent Vice Chancellor for University of Mysore.

However, UoM Registrar D. Bharathi refuted the allegation claiming that no such irregularities had occurred. She added that a few positions were still vacant as suitable candidates were not available which will be notified and filled up soon.

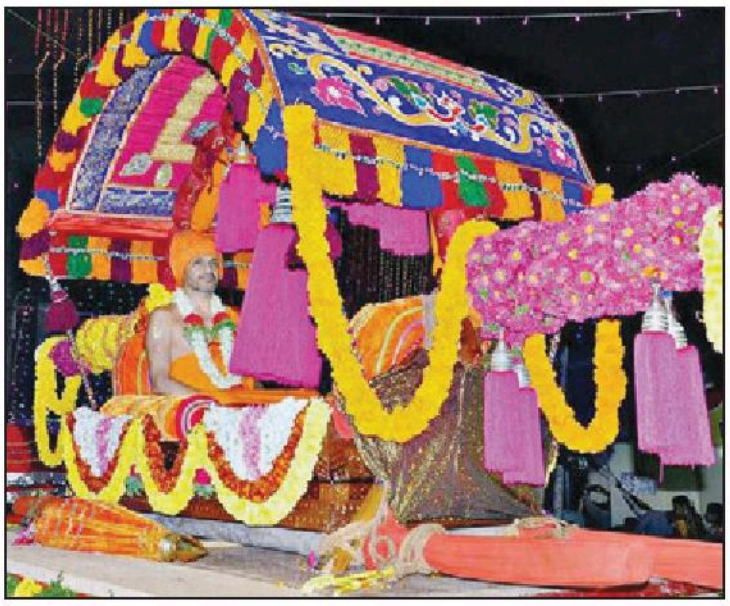
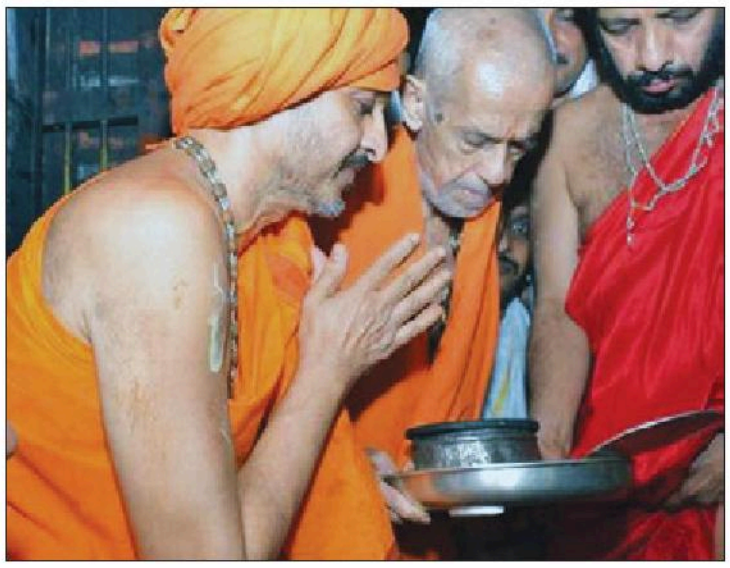
Palimar Mutt Seer Sri Vidyadheesha Theertha Swamiji ascends 'Paryaya Peetha' in Udupi



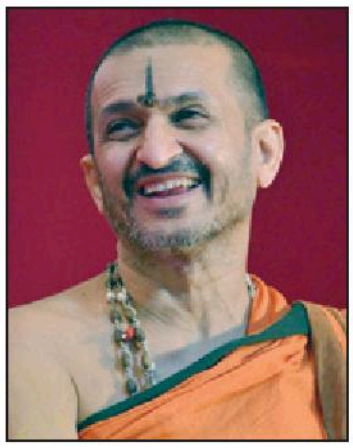
Sri Vidyadheesha Theertha Swamiji being brought in a decorated palanquin mounted on a vehicle.



Sri Vishwesha Theertha Swamiji of Pejawar Mutt** (centre) **is seen handing over the 'Akshaya Patra' and 'Sattuga' (vessel and ladle dating back to the times of Sri Madhwacharya) to Vidyadheesha Theertha Swamiji of Palimar Mutt, marking the formal transfer of power at the Sri Krishna Mutt in Udupi, yesterday.

Udupi, Jan. 19- Sri Vidyadheesha Theertha Swamiji of Palimar Mutt ascended the 'Paryaya Peetha', also called the 'Sarvajna Peetha', at the 800-year-old Sri Krishna Mutt (Temple) here yesterday. It will be his second Paryaya. Verses from the '*Dwadasha Sthotram*' and the '*Mangalaashtaka*' rent the air as Palimar Seer ascended the sacred Peetha.

The incoming Seer arrived at the entrance of the temple in a magnificent procession and had a glimpse of the presiding deity Krishna through the '*Navagraha Kindi*' and prayed for the success of his two-year term.



Sri Vidyadheesha Theertha Swamiji

The '*Akshaya Patra*' or the perennial bowl and '*Sattuga*' (laddle dating back to the times of Madhwacharya) and the keys to the sanctum sanctorum were also handed over to the incoming Seer. Outgoing Paryaya Seer Sri Vishwesha Theertha Swamiji of Pejawar Mutt then offered the sacred seat, 'Paryaya Peetha,' to Vidyadheesha Theertha Swamiji.

The Palimar Seer's ascension gives him the right to worship Lord Krishna and manage the affairs of the Mutt for the next two years. The idol of Lord Krishna was installed at the temple by exponent of Dvaita philosophy Sri Madhwacharya about 800 years ago. The Seers of the Ashta Mutts propagate this philosophy.

Pomp and gaiety marked the ascension ceremony. Before the grand event, Sri Vidyadheesha Theertha Swamiji went to Danda Tirtha near Kaup, about 12 km from Udupi, and had a holy dip there at 2 am. He arrived at Jodu Katte at 3 am and was welcomed by a large number of devotees. A grand procession began from Jodu Katte at 3.40 am. Over 15 tableaux and 60 cultural troupes took part in the Paryaya procession.

The devotees carried the presiding deity of Palimar Mutt – Hanumantha-Lakshmana Sita with Sri Ramachandra — in a palanquin. The Seers of the Ashta Mutts sat in palanquins and followed the chief deity, with Vidyadheesha Theertha leading the way. They included Vidyasagara Theertha Swamiji of Krishnapur Mutt, Lakshmivara Theertha Swamiji of Shiroor Mutt, Vidyavallabha Theertha Swamiji of Kaniyur Mutt, Vishwavallabha Theertha Swamiji of Sode Mutt, and Ishapriya Theertha, junior Seer of Admar Mutt.

Vidyadheesha Theertha Swamiji ascended the Paryaya Peetha at 6.35 am. The Seers of the other Ashta Mutts were felicitated at 'Badagu Malige'. All the Seers then proceeded to participate in 'Paryaya Durbar' at Rajangana, which was witnessed by a large number of devotees.

Gundlupet's own Believe It or Not!

Copper pieces ooze out of wounded man's legs!

Gundlupet, Jan. 19 (SOMG & NNN)-In a straight '*Ripley's Believe It or Not*' scene, copper pieces are oozing out of a wounded man's leg at the Devarahalli village in Gundlupet taluk.

Originally hailing from Doddatuppuru village, D.M. Mallappa is residing in Devarahalli. While he was working in his farm a few days ago, he hurt his leg. The gash in the wound deepened and there was pus formation. Even after he showed it to the doctor, the wound had not healed.

However, the way copper pieces are popping out of the wound, has caused much concern and shock among the people. Tuesday (Jan. 16) being an *Amavasya* day, Mallappa had gone to the nearby Mahadeshwara temple in Tavarakatte to offer puja. Later, when he shared his problem with the temple priest, he (priest) has smeared lime juice on the wound and the pain subsided a bit.

But later, the pain increased and 30 to 40 fine copper pieces oozed out of the wound. This could be due to him possessed by '*Banamati*' or black magic must have been performed on him, are the doubts expressed by the villagers.

Mallappa displaying the copper pieces coming out of the wound.

According to Mallappa, only when lime juice is applied will the pain subside and during that time the copper pieces come out. However, he has not visited any hospital for treatment so far. The Taluk Health Officer Dr. Ravikumar told *Star of Mysore* that unless he has a look at Mallappa's wound he cannot make any guesses.

Super-Speciality Hospital to come up in PKTB Sanatorium premises

- Medical Education Minister Dr. Sharanaprakash Patil inspects spot
- Jayadeva Institute of Cardiovascular Sciences Hospital to be inaugurated next month

Medical Education Minister Dr. Sharanaprakash R. Patil, accompanied by MLA Vasu and others inspecting the spot at PKTB Sanatorium premises in Mysuru yesterday where the proposed Super-Speciality Hospital is likely to come up.

Mysuru, Jan. 19 (SBD&KS)- Minister for Medical Education Dr. Sharanaprakash R. Patil yesterday inspected the spot at PKTB Sanatorium on KRS Road here where the proposed Super-Speciality Hospital is likely to come up.

The Minister, who participated in the Suttur Jathra, arrived in city and inspected the spot along with MLA Vasu and other officials.

Speaking on the occasion, Dr. Patil said that the State Government would take a final call on the construction of the Super-Speciality Hospital in two days besides gathering information about the right location for the proposed hospital. Tenders have been called for the construction of the Super-Speciality Hospital, he said and added that as the site for the Hospital is not finalised, he had come to inspect the site.

As K.R. Hospital building is a heritage structure, the public may oppose the construction of the multi-floor Super-Speciality Hospital in K.R. Hospital premises and hence it would be wise to construct the proposed hospital in Sanatorium premises near the new 'Trauma Centre,' which is ready for inauguration, the Minister added.

He said steps would be taken to upgrade facilities such as operation theatres, emergency care at K.R. Hospital and Cheluvamba Hospital that are attached to MMC&RI.

The Minister said that he would hold discussions with Chief Minister Siddharamaiah in two days and would finalise the place for the proposed Super-Speciality Hospital.

Jayadeva Hospital to be inaugurated next month

Speaking to media persons after holding a meeting with doctors at the office of MMC&RI Dean and Director Dr. Radhamani, the Minister said that the construction of Sri Jayadeva Institute of Cardiovascular Sciences Hospital in Sanatorium premises was nearing completion and added there were plans to inaugurate the same next month.

He further said that the doctors informed him about some problems in the Surgical Department and other units in K.R. Hospital and added that solutions would be found out after inspection. Stating that construction of Urology Block, Intensive Care Unit (ICU) and Labour Room has been completed, the Minister said that he would instruct the doctors to start the services there.

MLA Vasu, who also spoke, said that as lot of patients visit K.R. Hospital from various places though there are Government Hospitals in other districts, K.R. Hospital is getting overcrowded and added that once Jayadeva Hospital is shifted, the pressure would come down. He said that it is for the first time in 100 years that Jayadeva and Super-Speciality Hospitals were being constructed to avoid pressure and overcrowding at K.R. Hospital.

The new Jayadeva Hospital building being constructed in Sanatorium premises at an approximate cost of Rs. 141 crore is nearing completion and the Trauma Centre works too have been completed. The construction of Super-Speciality Hospital would be undertaken at an approximate cost of Rs. 131 crore and the foundation stone laying ceremony is likely to take place during the inauguration of Jayadeva Hospital and Trauma Centre.

Construction of Jayadeva Hospital in city nearing completion.

ASSEMBLY ELECTIONS 2018

Looking for safe Constituency, will Siddu shift to Koppal...?

Does he think Chamundeshwari and Varuna unsafe?

CM's contradictory statements about his place of contest lead to confusion; sources say he is looking for a safe constituency

Bengaluru/Mysuru, Jan. 19- Will Chief Minister Siddharamaiah contest from Chamundeshwari in the forthcoming Assembly elections? Will he return to Varuna constituency? Or is he looking for another safe constituency fearing his political adversaries who have ganged up to defeat him in Chamundeshwari?

The CM had earlier announced that he would go back to Chamundeshwari paving way for his son Dr. Yathindra to contest from Varuna. At present, the CM represents Varuna constituency as MLA and he considers it a safe seat for his son to make an electoral debut. Dr. Yathindra has been preparing the grounds for his contest from the constituency, for close to a year now.

Congress sources, however, said that Siddharamaiah is still in two minds on contesting from Chamundeshwari. He recently said that he is undecided on his constituency and that the party men are mounting pressure on him to contest from any of the three constituencies in North Karnataka — Badami, Koppal and Bagalkot.

Sources also said that the CM might contest from Varuna as he feels that Chamundeshwari is unsafe. As if to prove this point, at the concluding day of the Annual Suttur Jathra yesterday, Siddharamaiah sought Suttur people's blessings as Suttur comes under Varuna constituency.

"Suttur comes under the constituency I am planning to contest and by participating at the Suttur Jathra, I will gain personally. I have reached this position with your blessings and have performed well. In future too, I will work promptly," he said. Siddharamaiah's yesterday's statement that indicates he will contest from Varuna has added to the confusion about the place he is contesting from.

CM Siddharamaiah

Dr. Yathindra

G.T. Devegowda

At Chamundeshwari, the JD(S) has decided to renominate its sitting MLA G.T. Devegowda. Siddharamaiah's friends-turned-foes — former Union Minister V. Sreenivasa Prasad and former MP A.H. Vishwanath, who are now in the BJP and the JD(S) respectively — have openly declared that they will work towards Siddharamaiah's defeat.

Besides, the intelligence wing of the State Police is said have reported that Chamundeshwari will not be a safe seat for the CM to contest. The Congress has saddled him with the responsibility of leading the party campaign in the coming polls. So, he will be touring the State during the election, leaving very less time for his own campaign.

Badami, Bagalkot and Koppal constituencies have been shortlisted as alternative to Chamundeshwari. For, these constituencies are dominated by the Kuruba community, to which Siddharamaiah belongs. The sitting MLAs B.B. Chimmanakatti (Badami), H.Y. Meti (Bagalkot) and Raghavendra Hitnal (Koppal) are all Kurubas. This apart, Hebbal and Govindrajnagar constituencies in Bengaluru city, where Kurubas are in sizeable number, are also being considered for Siddharamaiah, sources said.

A CM shifting the constituency is nothing new in Karnataka politics. The late Ramakrishna Hegde, who used to contest from his home district of Uttara Kannada, had switched to Basavanagudi in Bengaluru in 1985 and won from there. Similarly, S.M. Krishna had shifted from Maddur in Mandya district to Chamarajpet in Bengaluru in 2004 and was elected to the Assembly.

Rajashekhar visited the spot and conducted a mahazar. Vijayanagar Inspector Anil Kumar and Sub-Inspector Appaji Gowda are investigating.

Police told *Star of Mysore* that it was difficult to suspect a foul play at this juncture. "We will send these skulls to Forensic Science Laboratory in Bengaluru and will await the reports," said Anil Kumar.

KSOU recognition

(Continued from page 1)

Hearing the case last month, the High Court had directed the UGC to grant recognition to KSOU by applying the parity principle. It had ordered the commission to comply with its order within two weeks. But the KSOU claimed that despite communicating the High Court's order to the UGC, the Commission has not complied with the order.

The KSOU had first approached the Court last year, claiming UGC had refused to take a decision on granting recognition for the academic year 2017-18 despite repeated requests. It further contended that documents downloaded from UGC's website showed that the commission had accorded 'ex-post facto' recognition to 106 universities across the country, with 35 universities being recognized during the fag end of the academic year (Dec. 2015 to May 2016).

UoM's honorary doctorate for Siddharamaiah likely

Siddharamaiah

Kiran Kumar

Thimmakka

Suttur Seer

Mysuru, Jan. 19 - A proposal has been made to confer an honorary doctorate on Chief Minister Siddharamaiah by the University of Mysore (UoM) during the convocation of the varsity scheduled to be held in the first week of February.

Other names which have been proposed include the former ISRO Chairman Kiran Kumar, environmentalist Salumarada Thimmakka and Suttur Seer Sri Shivaratri Deshikendra Swami.

The proposal was made by syndicate member M.S.S. Kumar who justified it that the honorary doctorate could be conferred on individuals for their service to the society. The names were proposed at the Syndicate meeting held at Crawford Hall yesterday.

"Since he comes from a rural background and is also an old student of the university, Siddharamaiah has excelled in political administration and economics," said Kumar.

The spate of grants to the varsity to celebrate its centenary on a grand scale and funds to shore up science and technology was approved by Siddharamaiah and hence it would be in the fitness of things to confer the honorary doctorate on him, according to Kumar.

University sources said that it was only a proposal and would go before the scrutinising committee which will forward the select names to the Governor who has to give his final approval.

Ex-Servicemen stage protest, seek allocation of land in Hunsur

Mysuru, Jan. 19 (MTY&DM)- Over 50 Ex-servicemen under the banner of Hunsur-based Sathya MAS Foundation, staged a demonstration in front of the DC office this morning, seeking allocation of land in Hunsur Taluk and clearance of encroachments on lands allotted to them.

Stating that the then Union Government in 1952 had announced 10 acres of land to each of 350 soldiers of the then Mysore Regiment who had taken part in World War-II (1934 to 1942), the protestors claimed that 284 of the soldiers were allotted 8 acres each in Ratnapuri 1 and Ratnapuri 2 (Chowdikatte) of Hunsur taluk, while the families of 66 others were not allotted any land.

As such, the Government should allot two more acres to the family of each of the 284 soldiers and 10 acres each to the families of 66 others who were not allotted any land, they urged.

Urging the Government to clear all encroachments on lands belonging to Ex-servicemen, they sought establishment of an exclusive canteen for ex-servicemen and employment opportunities.

Foundation President Sathyappa, Ex-servicemen Sajjan Rao, Prakash, Pemmaiah, Mohan and others took part in the protest.

Hit-and-Run: Bike rider killed on Bannur Road

Mysuru, Jan. 19 (RK&KS) - A bike rider was killed on the spot when a speeding unidentified vehicle knocked him down fatally on Bannur Road here yesterday.

The deceased has been identified as Yogesh (24), a resident of Sugganahalli village in Srirangapatna taluk, who was working as a van driver at Mysore Milk Union Limited (MYMUL), Mysuru.

Yogesh was proceeding towards Mysuru on his Honda Shine bike when a speeding vehicle reportedly knocked him down and sped away in front of Vidya Jyothi School on Bannur Road at about 6.15 am resulting in Yogesh suffering serious head injuries. He died on the spot.

Lighting up Bahuroopi stage with song, dance, drama

Mysuru, Jan.19 (YDS&NNN)- Every evening as the Sun sets, Rangayana comes alive with music, song, dance and drama as part of Bahuroopi, the National Theatre Festival. Yesterday was the fifth day and it was no different from the other days, and in fact, the tempo increased.

Vanaranga, as the name suggests, is a stage, set amidst the canopy of trees, rarely seen anywhere else in the country or even in other parts of the world. The two dances presented yesterday had the audience wanting for more. The Jogathi Dance by Sri Shankarappa Ramappa Shankaranna and team from Gadag had the audience in raptures. The stage was set with the melodious song '*Belagagi naneddu yaryar neneyali*' to which the team danced.

The next dance by the 17-member team was mesmerising as the artistes came carrying the *kalasas* (pots) and Goddess Yellamma's idol on their head and danced to the number '*Hutti bande Yellamannagi ninna maduve madi kottiravva Jamadagnige*.' What caught the attention of the audience was, even as the dancers twirled holding the decorated kalasas and the Goddess, they maintained perfect balance.

Added to this was when the young girl balancing the kalashas on her head lay prostrated doing the *pranam* and chanting *Udho Udho*, as the audience watched with eyes fully open.

Shankaranna bows to audience demand: When the audience demanded that Sri Shankarappa Ramappa Shankaranna sing a few more songs, he bowed to the demand and sang a humorous number '*Nambivulla Nayi sakiri, hodadabedri nambivulla nayi sakiri*,' that sent the audience into peels of laughter.

He also sang his own composition '*Keliri, keliri Kannada tayiya vybhava nanu heluve, Kannadammana kandanu nanu lavani roopadali heluvenu, Kannadammana kandanu nanu hadina roopadali heluvenu*' thus bringing about a patriotic feeling among the theatre lovers. Earlier, Maharani's Women's PU College, Mysuru, students performed Dollu Kunitha as part of *Yuvaspandana*.

At the Kindarajogi stage, Chattisgarh's Guru Ghasidas team performed a dance with the message of uniting the Satanami Samaj and as they formed a pyramid, the audience clapped in appreciation.

Gowda Paitayi Dance: The Adivasi Baigadi community artistes, sporting a special turban on their head, with flute in their hands and beating the *Nagari* danced to the beats with proper steps.
